Fig. 5

FIG. 1 is a schematic diagram of a magnetic head assembly. It shows a central vertical core (1) with two horizontal magnetic heads (4) mounted on it. Each head has a series of vertical magnetic poles (6a, 6b). The left head is connected to a circuit with terminals 7 and 8. The right head is connected to a circuit with terminals 7 and 8. The diagram is divided into two sections by a vertical dashed line.
